## ABOUT ME

I'm a passionate student driven by curiosity and a deep interest in coding and problem-solving. I love exploring new concepts, challenging myself through DSA problems and collaborating with like-minded peers. I may be at the start of my journey, but my passion to learn, grow, and take on challenges drives me every day. I'm eager to push my limits, contribute actively, and learn from community of innovators.

## INTEREST

- Competitive Programming
- Data Structures & Algorithms
- Software Development
- Tech Communities & Hackathons

## WHY ME ?

I'm passionate and interested to learn and explore technology . I'm consistent , curious, and unafraid to take on challenges. I'll bring energy, teamwork, and a strong learning attitude to every activity or project I'm part of.
